

MATERIAL SAFETY DATA SHEET

Section I - Substance Identification

Substance: Nuprep[®] Skin Prep Gel

Emergency & General Information:

Telephone Number: (303) 366-1804

Web Page: www.doweaver.com

Manufacturer:

D.O. Weaver and Company

565 Nucla Way, Unit B

Aurora, Colorado 80011

USA

Date reviewed: 12 November 2010

Section II - Hazardous Ingredients/Identify Information

Hazardous Components and Exposure Limits:

Nuprep gel is an abrasive skin prepping gel intended for use when a reduction of skin impedance would enhance a test result.

Nuprep gel is a mixture of the following components:

Water, Aluminum Oxide, 1,2-Propanediol, Sodium Polyacrylate, Methylparaben, Propylparaben, FD&C Blue 1, FD&C Red 40 and FD&C Yellow 5.

Since Nuprep gel is not intended to become airborne, no OSHA PEL applies.

Section III - Physical/Chemical Characteristics

Boiling Point.....	N/A	Specific Gravity (H ₂ O=1).....	N/A
Vapor Pressure (mm Hg).....	N/A	Melting Point.....	N/A
Vapor Density (AIR=1).....	N/A	Evaporation Rate.....	N/A
Solubility in Water	Partial		

Appearance and Odor: Light green gel with no odor.

Section IV - Fire and Explosion Hazard Data

The material is a nonflammable gel.

Section V – Reactivity

The material is stable and non-reactive under normal conditions. Hazardous polymerization will not occur.

Section VI - Health Hazard Data

Route(s) of Entry: Primarily cutaneous, but limited ingestion is possible.

Health Hazards beyond those associated with over-abrasion of skin or minor skin sensitivity have not been demonstrated. Nuprep gel is to be used topically on healthy intact skin only. Over-abrading the skin can cause serious topical injury to the patient, including permanent scarring. Nuprep gel should never be used on patients with a history of skin allergies or a history of sensitivity to cosmetics or lotions. The use of any topical abrasive product or technique carries with it a risk of infection at the electrode site.

Signs and Symptoms of Problems: Any persistent redness, soreness, burning, itching, or swelling should be reported immediately to a physician.

Emergency and First Aid Procedures:

Eye Contact: Rinse eyes thoroughly with warm water. Preferably rinse in hot running shower for 10 to 15 minutes. Avoid rubbing the eyes.

Skin Irritation: Report any irritation to a physician.

Ingestion: The gel is non-toxic if ingested.

Section VII - Precautions for Safe Handling and Use

- Use gel for the purpose intended.
- Always apply gently with a soft material such as a cotton swab or gauze pad.
- Do not use on or near injured skin.
- Gel poses no known risk to healthcare workers.
- Keep lid tightly closed and store at room temperature.
- Avoid eye contact.
- Keep out of reach of children.

Section VIII – Handling of Spills or Leaks

- Wipe up any spilled material for disposal.
- No special handling is required for disposal.

Section IX – Other Information

D.O.T. – Not regulated.

EPA Reportable Quantity – Not applicable.
